Take More Risk with C, D, E paper Car Loans Introducing Auto-Vise-GPS Loan

Larry Carter <u>www.aragps.com</u> 770-871-0051 larrycarter30263@charter.net

A.R.A. GPS SYSTEMS The most Accurate, Reliable & Affordable GPS tracking device available. Period.

### Auto-Vise-GPS Loan

A loan where members have a GPS installed in their vehicle being purchased.

- Benefits of the installation
  - 1. GPS locator Credit Union can quickly locate vehicle on-line
  - 2. Payment reminder If the member is late on payment an ondash light will flash.
  - 3. Startup interrupter The system will prevent the member from starting their car when delinquent (the credit union determines the specific timeframe).
- GPS is installed at the member's expense and at the time of closing.
  - Cost = \$170 per unit

## Auto-Vise-GPS Loan Requirements

#### Loan/Vehicle Requirements

- GPS is required when the credit card score is less than 600 (this can be waived for long time members with direct deposit, previous loans with payroll deduction, good payment history with CU)
- Vehicle cannot exceed 10 years old
- Mileage does not exceed 75,000
- Verification of Income
- Verification of Insurance
- Car Fax completed
- General loan guidelines for underwriting guidelines

#### Members sign GPS Tracking Agreement

Agreement protects the credit union:

- Member agrees that they understand the GPS device is on the vehicle and they elected to finance the vehicle with the credit union.
- Member agrees to not tamper with the device
- Member is aware the credit union has the right to disable to vehicle
- Releases credit union of liability of the device

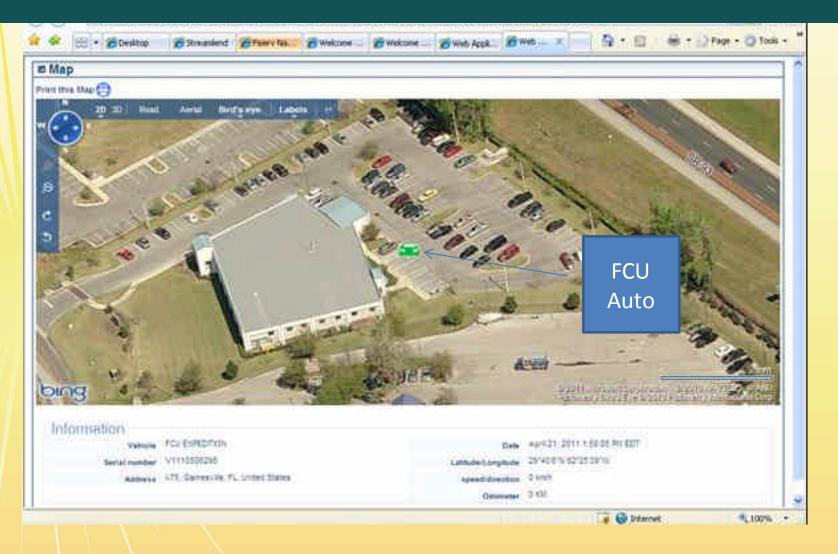

Agreement designed by our attorney.

## **GPS** Tracking

#### Tracking

- Credit Union can quickly locate vehicle to repossess
- Warning signal if member pays late
- Engine interrupt ability
- How we track
  - Each unit is logged into an excel log
  - Each unit is logged into ARS website for tracking ability

## **GPS Online Locator**

#### **Employee Incentive**

There is still time to win. I know a few of you have loans closing this week. Last week's quarterly training we based on pending applications and we now all know what happens when you work pending loans, so work your pending loans.

Get a loan while learning how to save. Show members how to put \$500 in their pocket.

#### Put \$500 in Your Pocket

- Member takes out \$1000
- The member receives \$500 and \$500 goes into a frozen share account until loan is paid. Once loan is paid the member has \$500 on deposit.
- 18% for 12 months
- Once the loan is paid off, the credit union will help the member get good transportation for around \$12,000. This is an extra incentive.
- The credit union's approval rate is 98% for all loan request.
- ROA = 2.75%
- Loan Yield = 13.26%
- Loan Delinquency = 2.85%

## Buy One Loan and Get a Second at Half Price

#### Buy One Get One ½ Off

- The member applies and receives two loans
  - Minimum of 1 secured
  - The discount is applied to the loan amount of equal or lesser value
  - All types of loans are included with the exception of credit cards and 1<sup>st</sup> mortgages.
- Results
  - In three months, this promotion generated
     \$1,453,522 in new loans at a blended average interest rate of 7.65% and the average term was 48 months.
  - Employees started to take the initiative to look for additional business for members to take advantage of this offer.

## Direct Used Auto Loan Program

- Cars are priced at \$6,000 to \$12,000.
- They are inspected and a CarFax is available.
- Good solid transportation at a great price.
   This \$149 million credit union averages 367 car loan a month plus the credit union keeps all the income from the back end products such as GAP, credit life and disability. They average 173 GAP sales a month.

## Used Car Market without Indirect

CSE worked with their local dealers and their members to get a great used auto with a great price.

• Pricing: Our rates are NOT the LOWEST in town! We are very careful when we set and establish interest rates. We use several reports and ways to establish our interest rate structure. We consider: competitor rates, loan yield after charge off, current loan volume, etc.

Fees: No application fees for our loans

#### **Dealers Comments**

One of my loan officers sent me an email a couple of weeks ago. This demonstrates our impact.

"...he wanted me to pass along his thanks. He said he truly feels that CSE singlehandedly saved the auto sales business in Stark County. He said if we weren't around, he thinks a lot of dealerships would have went under over the past couple years from not being able to get deals done. I'm not sure if this is a sentiment you get often from dealers, but I thought it was a nice thing to be said."

In December I received a phone call from one of our branch managers that went like this, "A sales rep from CUAC stopped by one of our dealerships that we do a lot of business with to drum up business of his own. The gentleman at the dealership said no

thanks we work with CSE. The sales representative from CUAC told the dealer that we (CSE) won't be in business for long because we don't repo enough of our cars. He knows this because he does not see our cars going to auctions. We let our members stay in the cars too long."

After I stopped laughing, I immediately went to our collection department and told them to stop working with our members and start repossessing more cars so that we can stay in business!

# <u>How to Drive Up Your</u> Earnings by "Other" Income?

• You may think that if you added a \$75 loan application fee, your loan volume would go down. Well, you may be wrong.

 FCU had its best loan growth since 2006 and picked up \$715,335 in fee income

#### Loan Processing Fees

- Loan processing fee income
  - \$75 fee on all loans (fee may be waived to recapture a loan)
  - Total Fee income for 2011 was \$715,335

### Insurance Income

You need to make a high priority.

- Consumers CU in Waukegan, IL increased their penetration in 2007 from 21.1% to 66.5% today.
  - Asset size = \$568,000,000
- Their insurance income increased from \$610,000 to \$1,000,000 in five years.

#### Idea/concept

 Improve the penetration of payment protection for Consumers Credit Union's (CCU) consumer, vehicle and home equity loans. The business case is to better protect our loans, providing benefits to both the Member (loans protected against unexpected events such as unemployment, disability, death, etc.) and to the credit union (better protected collateral and non-interest income).

#### When was program initiated?

• January 1, 2008, and ongoing since.

#### Description of how it works.

- Employees responsible for taking loan applications are trained to encourage Members to adopt payment protection on all qualifying loans. We work with CUNA Mutual Group (now CUMIS), our product provider, to properly educate staff on the benefits of payment protection, how to present, how to overcome objections, etc.
- Key reasons for our success: focus, increased expectations, fun competition (internally as well as externally), an evolving incentives plan that focuses on results by giving additional control to staff and management support at all levels.

#### **Results**

• Payment protection penetration results/trends for past five (5) years are as follows:

2007 - 21.1% (baseline year) 2008 - 22.6% (first year of promotion; goal = 30%) 2009 - 50.2% (increased goal to 50% at start of year) 2010 - 58.2% (increased goal to 60% in May 2010) 2011 - 66.5%

#### **Positive Feedback**

"The recent Management Institute that Rex Johnson hosted in Orlando can be summed up in one word - Outstanding, Productive, Energetic, Worthwhile, Needed, Perfect. Yes, that is more than just 'one word,' but the overall experience was beyond words! Having been in the credit union movement for nearly 20 years, my associate and I thought that the format was perfect. What better experience than having an organized parade of credit union employees present to you exactly how they became successful. There were no attitudes and no egos; just great ideas from all directions, for 3 days! Rex is the perfect person to lead this type of discussion. Too bad we need to wait another year before we can be riddled with more great ideas! We have already implemented roughly 4 ideas and strategies since returning from the Sunshine State. Sign us up for next year!"

### How to Sell Credit Life and Disability

- Never tell the member their payment, make them tell you what they want to pay.
- Be flexible on the terms. Finance 66 months or 68 months vs. 60 months.
- Never raise the rate if you extend the term, this gives the member a reason to say "no."
- Never change the payment once you give them the payment they ask for, change the term instead.
- Post the total claims paid in every employees' cubicle, the largest life and largest disability.
- Offer to discount the loan by .25% if the loan is protected. You earn a lot more on the insurance than you do on the loan. Check with compliance department of your insurance provider
- Set goals for every employee:
  - "D & E" Paper = 80% life, 70% disability
  - "B & C" Paper = 60% life, 50% disability
  - "A+ & A" Paper = 40% life, 30% disability
- Make insurance sales part of their performance evaluation.
- Reward the employee who is making the sale by giving him/her the first month's premium.

### <u>Waiving Fees, how much is</u> <u>this costing your credit</u> <u>union?</u>

- Employees love the members and would like to give everything away.
- They also love to make money.
- An incentive by FCU generated \$76,000 in income and cost \$8,000 in incentives. Now that's a good return on your investments.

#### Incentives

- Incentive to curb waiving fees
  - \$3 to employees who don't waive fees
  - In 2011 FLCU refunded \$76,000 less in fees compared to 2010
  - Total incentive payout for this fee was \$8,000

### Forward Thinking in Branch Design

Forward Financial CU in Niagara, WI opened a new branch in Iron Mountain, MI. This is not your typical branch, what's different

- It's a retail outlet
- Free Wi-Fi to the public
- Coffee Café, sold at cost
- Credit Union apparel

Community Room, used 27 out of 31 days a month

The credit union calls its branch the Café Branch. This new branch is doing booming business in a depressed area and by they way, Wal-Mart moved in next door.

Implementing these ideas is easy but to have success the right people with the right ATTITUDE have to be in place to achieve your goals.
